

Terms and Conditions & User Data Usage Agreement

Project Name: **AutoAI-ML / DataForge**

1 Introduction

This Terms and Conditions & User Data Usage Agreement (“Agreement”) governs the use of the Platform and all related services provided under the Project Name **AutoAI-ML / DataForge** (“Platform”, “We”, “Us”, “Our”).

By accessing, uploading data to, or using the Platform, the user (“User”, “You”) confirms that they have read, understood, and agreed to be legally bound by this Agreement.

The Platform is designed to provide automated data processing, analytics, visualization, and machine learning-based insights for educational, experimental, and research-oriented purposes. Transparency, privacy, security, and ethical handling of data are fundamental principles of this Platform.

2 Eligibility and Acceptance

- Users must have the legal authority to upload and process datasets.
- Users must comply with all applicable laws and regulations.
- Use of the Platform constitutes full acceptance of these terms.
- If you do not agree with this Agreement, you must not use the Platform.

3 Purpose of Data Collection

The Platform collects user-uploaded datasets solely to perform user-requested operations, including but not limited to:

- Automated data preprocessing
- Data cleaning and validation
- Feature engineering
- Machine learning model execution
- Data analysis, insights, and visualization

User data is processed strictly within the scope defined by the User’s actions and instructions.

4 Scope of Data Usage

4.1 Permitted Use

User data is used only for:

- Temporary processing during active sessions
- Generating analytical outputs requested by the User
- Ensuring correct and secure system functionality

4.2 Prohibited Use

The Platform explicitly does **not**:

- Sell, lease, or share user data with third parties
- Use data for advertising or marketing
- Train artificial intelligence models without explicit consent
- Perform profiling or behavioral tracking
- Retain data beyond processing completion

5 Data Ownership and Rights

- Users retain full ownership of all uploaded datasets.
- Uploading data does not transfer ownership or licensing rights.
- The Platform claims no intellectual property rights over user data.
- Users are solely responsible for the legality and legitimacy of uploaded data.

6 Data Storage and Retention

- Uploaded datasets are stored only temporarily.
- Data is automatically deleted after processing is completed.
- No backups or persistent copies are retained.
- If future features require storage, explicit user consent will be obtained.

7 Security Measures

The Platform implements reasonable technical and organizational safeguards, including:

- File type and format validation
- File size and structural integrity checks
- Secure backend APIs
- Access-restricted processing environments
- Isolation between user sessions

While no digital system can guarantee absolute security, industry-accepted practices are followed to minimize risk.

8 User Responsibilities

Users agree that:

- They possess lawful rights to upload and process the data
- Uploaded data does not violate privacy, confidentiality, or IP laws
- Data does not contain malware, harmful code, or illegal content

The Platform is not responsible for damages resulting from unlawful or improper data uploads.

9 Ethical Use and AI Principles

The Platform adheres to ethical AI and responsible data usage principles, including:

- Fair and transparent data handling
- No hidden or undisclosed processing
- Respect for user privacy and autonomy
- Prevention of data misuse

10 Limitation of Liability

The Platform is provided on an “as-is” and “as-available” basis.

- Results are not guaranteed to be accurate or error-free
- Outputs are for informational and educational purposes only
- Outputs must not be relied upon for legal, medical, or professional decisions

Use of the Platform is at the User’s own risk.

11 Service Availability

We reserve the right to:

- Modify or discontinue features without notice
- Perform maintenance or upgrades
- Suspend access in case of misuse or security threats

12 Changes to This Agreement

This Agreement may be updated to reflect changes in technology, legal requirements, or platform functionality. Continued use of the Platform constitutes acceptance of revised terms.

13 Consent Declaration

By uploading any dataset, the User confirms that:

- They have read and understood this Agreement
- They consent to data processing as described
- They acknowledge that their data is not sold, misused, or retained

14 Contact Information

For questions, concerns, or data-related inquiries:

- **Project Administrator: Harshit Pambhar**
- **Email: dataforgeautoml@gmail.com**
